The award-winning interior designer, Stephanie Kasel, is offering knowitall.ch readers a generous 5% discount on all services booked through her before the end of May 2018.

Given the glowing recommendation that we have just received about her services, and the fact that Stephanie has recently received an award in the Interior Design Private Residence category of the prestigious 2017-2018 European Property Awards, this is a wonderful opportunity for anyone seeking inspiration for an upcoming home renovation project.

Recent client, Gaby Cissé, was so impressed with her work that she wrote to us and said, "I usually don't do this but I am so pleased with her work on our house I wanted to see if I could recommend our interior decorator based in Geneva and Nyon to Know-it-all. She's English speaking and just a pillar of efficiency and taste!"

Interior design services

Founded in 2004, **Interiors by Stephanie Kasel** offers a range of services for both private and corporate clients in the Geneva and Nyon regions. Working within a multidisciplinary team of experienced and talented designers, interior architects and project coordinators, Stephanie Kasel offers a highly personalized and friendly turnkey service, which focuses on creating "bespoke, considered interiors that encapsulate her clients needs and dreams".

Stephanie places particular importance on the practicality of the spaces she designs, ensuring that they not only look beautiful but are liveable and inviting too.

Critically, she understands that the success of her projects lies not only with the end results, but also the process, so she takes enormous pride in the level of customer service that she provides.

She told knowitall.ch, "I spend a lot of time at the beginning of a project, carefully choosing my team of partners, suppliers, and artisans to ensure that they are adept at carrying out each of my clients' designs to the same exacting levels of precision, quality and care that I employ."

Private and corporate clients

Stephanie's services for private clients fall into 4 main categories:

- [Interior design](#)
- [Project management and coordination](#)
- [Expert advice when buying a property "on plan"](#)
- [Decoration and home styling](#)

You can find more information on each of these services (in French) by clicking on the links above. However, Stephanie speaks English, French and German fluently, so don't hesitate to pick up the phone and ask her for a more detailed explanation of the services she offers.

Corporate clients include well-known businesses like Trafigura, Hewitt and Zenith Voyages. [Click here](#) to see an up-to-date list of Stephanie's corporate clients.

Examples of work

You can see an impressive collection of photos on Stephanie's website, which showcase the wide range of projects that she has been involved in during the last 14 years. Her "[end-result](#)" photos cover everything from duplex apartments to penthouse suites, and include all imaginable living areas from entrance halls and stairways, through to kitchens and bathrooms. You can also view photos from her [award-winning Attic project](#).

Given the importance that Stephanie attaches to the whole creative process, it comes as no surprise to see that she has also included a large selection of photos covering "[Work in progress](#)". A quick glance of these reveals the breadth and depth of the projects she has been involved in over the years and highlights, more than ever, the importance of good project management!

Special discount

As a special discount to our readers, Stephanie is kindly offering a generous 5% discount on all interior design services booked through her before end of May 2018. To claim your discount, just mention this article on knowitall.ch when you contact Stephanie for the first time.
